

Economic Instability in Minnesota

577,000 Minnesotans

 (including 175,000 children under age 18) live in households that are **below** the federal **poverty threshold.***

***\$20,780 for a family of three in 2016.**

“In the relatively affluent areas on the edge of the metro, there are hidden pockets of poverty. A number of households in my parish are working multiple jobs to make ends meet. Others face health challenges which limit their ability to work and care for their families. A strong social safety net is vital for these beloved children of God.”

~ Pastor Michael Mandsager, Farmington

The Minnesota Family Investment Program (MFIP) helps families meet their basic needs while working toward financial stability.

7 of 10 MFIP recipients are children

→ 50% of those are under age 5 

Anoka County

Population: 344,151
