

# Economic Instability in Minnesota

**577,000 Minnesotans**

 (including 175,000 children under age 18) live in households that are **below** the federal **poverty threshold.\***

**\*\$20,780 for a family of three in 2016.**

*“In the area where I serve, there are many families working multiple minimum wage jobs and still having to make decisions about what they can pay each month. Many are income, shelter and food insecure.”*

*~ Rev. Heather E. Klason, Dover*

**The Minnesota Family Investment Program (MFIP) helps families meet their basic needs while working toward financial stability.**

**7 of 10 MFIP recipients are children**

**→ 50% of those are under age 5** 

## Mower County

Population: 39,116

Households in Poverty: 12.1%  
(up from 8% in 2000)
