

Economic Instability in Minnesota

577,000 Minnesotans

 (including 175,000 children under age 18) live in households that are **below** the federal **poverty threshold.***

***\$20,780 for a family of three in 2016.**

“In the area where I serve, there are many families working multiple minimum wage jobs and still having to make decisions about what they can pay each month. Many are income, shelter and food insecure.”

~ Rev. Heather E. Klason, Dover
