

Economic Instability in Minnesota

577,000 Minnesotans

 (including 175,000 children under age 18) live in households that are **below** the federal **poverty threshold.***

***\$20,780 for a family of three in 2016.**

“Where I notice the most impact is in our schools. Children are being fed breakfast and even a second breakfast because they haven’t been fed. It is an ever-growing and often overwhelming concern for parents; to be able to feed their children.”

~ Pastor Lauren Hauger, Morris and Herman

The Minnesota Family Investment Program (MFIP) helps families meet their basic needs while working toward financial stability.

7 of 10 MFIP recipients are children

50% of those are under age 5 

Swift County

Population: 9,340

Households in Poverty: 10.8%
(up from 9.1% in 2000)

Children Receiving Free/Reduced Lunch: 41.4%

Children 0-5 Eligible for WIC: 48.1%

Active MFIP Cases: 36

of Children in CCAP (monthly average): 33

Households Receiving the Working Family Credit: 14.6%
